

Rayane KHAMIS

Engineering Student - Digital Sciences

ENSEEIHT Toulouse — 1st Year (Bac+3)

First-year engineering student at ENSEEIHT specializing in Digital Sciences, with a rigorous foundation from Preparatory Classes (CPGE). Highly motivated, adaptable, and passionate about programming and applied mathematics. Equipped with strong analytical skills, I am seeking to apply my technical knowledge to solve complex engineering and computing challenges.

SKILLS

Programming
Python, Ada, MATLAB

Tools
LaTeX, Git, VS Code

LANGUAGES

Arabic	Native
English	Advanced
French	Advanced
German	Beginner

HOBBIES

Rock Climbing (Escalade)

Running

Karate

EDUCATION

ENSEEIHT - INP Toulouse — **2026 – Present**
Engineering Student, Digital Sciences
Toulouse, France

LYMED (Lycée d'Excellence) — **2024 – 2026**
Scientific Preparatory Classes (CPGE)
Mathematics, Physics, and Engineering Sciences

Lycée ERRACHDI BOUJDOUR — **2021 – 2024**
High School Diploma in Mathematical Sciences
Mention Très Bien (Highest Honors)

EXPERIENCE

Private Mathematics Tutor — **Independent**

- Provide advanced private math tutoring specifically tailored for CPGE students.
- Guide students in solving complex problems, mastering theoretical concepts, and preparing for competitive exams.

PROJECTS

CPGE TIPE — **2025 – 2026**
Personal Initiative Work in Engineering

- Developed and conducted an independent scientific research project as part of the second-year CPGE curriculum at LYMED.
